

MOTHER! YOUR CHILD IS CROSS, FEVERISH, FROM CONSTIPATION.

If Tongue is Coated, Breath Bad,
Stomach Sour, Clean Liver
and Bowels.

Give "California Syrup of Figs" at once—a teaspoonful to-day often saves a sick child to-morrow.

If your little one is out of sorts, half-sick, isn't resting, eating and acting naturally—look, Mother! see if tongue is coated. This is a sure sign that its little stomach, liver and bowels are clogged with waste. When cross, irritable, feverish, stomach sour, breath bad or has stomach-ache, diarrhoea, sore throat, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated poison, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again.

Mothers can rest easy after giving this harmless "fruit laxative," because it never fails to cleanse the little one's liver and bowels and sweeten the stomach and they dearly love its pleasant taste. Full directions for babies, children of all ages and for grown-ups printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a bottle of "California Syrup of Figs," then see that it is made by the "California Fig Syrup Company." (adv)

Uncle Sam's Big Problem

Great warships are sliding off the ways; navy yards and arsenals are working night and day; great mobilization camps have sprung up as if by magic; everywhere the vast resources of the nation are being gathered together for war.

All over the Bell telephone system, thousands of employees are busily engaged in all branches of telephone activity, to keep pace with the extraordinary telephone needs of the nation. And with the increased government requirements, there will be greater demands for commercial service.

Not only is there a great scarcity of materials, but there is a similar scarcity of labor, and already many of our technically trained employees—men who cannot be replaced—have joined the colors.

As time goes on it will become continually harder to meet the demands for service from governmental and private sources—and our patrons are asked to bear this extraordinary condition in mind and to help in the maintenance of an effective service by eliminating all wasteful use of telephone lines and equipment.

Our loyal organization is working continuously to meet the increased demands and your patient co-operation will prove helpful and inspiring.

DECEPTION OF GERMANY HALTS PEACE PARLEY.

LONDON, January 6.—Organization of an army of 3,000,000 men, ready to fight again with the allied forces, may be Russia's answer to peace overtures of the Central Powers.

The halt in the Russo-German peace negotiations and indications of a German refusal to move the conference to Stockholm have revived universal discussion in Petrograd of a resumption of fighting with a greatly reduced army.

Even the most radical Bolsheviks and the most ardent peace advocates have been aroused by the German position. They declare a resumption of hostilities is imminent and express belief that it is impossible to organize and make effective a small army.

Indications are that the German attitude is harmonizing domestic differences and is convincing Russians that they must fight to save their revolutionary principles.

Chairman Joffe, of the Russian Peace Delegation, yesterday sent an official telegram to the Chairman of the German-Austrian, Bulgarian and Turkish Delegations, saying the Russian republic deems it to be necessary to conduct further peace negotiations on neutral soil and suggesting a transfer of the conference to Stockholm. The telegram declares replies to the message are expected by Russia at Petrograd.

Articles 1 and 2 of the Austro-German terms submitted December 12 (December 25 new style), the message says, are in direct conflict with the principles of self-definition of nations insisted upon by the Russian peace delegation and supported by the Russian republic and the Central Executive Committee of the Congress of Workmen's and Soldiers' Delegates.

Articles 1 and 2 of the Austro-German terms, as cabled under a Brest-Litovsk date by way of Berlin last Sunday, covered the ending of the state of war and evacuation of occupied territory.

In Article 2, however, it was declared the people of Poland, Lithuania, Courland and portions of Estonia and Livonia demanded independence and separation from Russia, and that the German occupation of Russian territory did not apply to these districts, which include most of the Russian territory captured by the Germans.

The Bolshevik Foreign Minister, Leon Trotsky, declared the Government of the Russian workers would not consent to the German peace proposals.

M. Trotsky's declaration was made before the central committee of the Council of Soldiers' and Workmen's Delegates during an address in which he denounced in scathing terms Germany's hypocritical peace proposal.

Asserting that the Government of Russian workers would not consent to such conditions, he said if the Central Powers did not agree to free disposal of the destiny of the Polish and Lithuanian nations it would be urgently necessary to defend the Russian revolution. He said the needs of the front would be satisfied, whatever efforts might be necessary.

Representatives from all the fronts who attended the meeting declared the troops would defend the revolution, but said bread and boots were necessary.

Another good thing about simplicity in dress is that there are not so many pieces to take off at bedtime.

MEN WHO REACH 21 TO BE REGISTERED.

WASHINGTON, January 6.—America's fighting is to be done by young men without families dependent upon their labor for support and unskilled in necessary industrial and agricultural work.

All men for the war armies still to be raised by the United States will come from Class 1 under the new selective service plan.

Provost Marshall General Crowder announces the new policy in an exhaustive report upon the operation of the selective draft law submitted Thursday to Secretary Baker and sent to Congress.

He said that Class 1 should provide men for all military needs of the country, and to accomplish that object he urges amendment of the draft law so as to provide that all men who have reached their twenty-first birthdays since June 5, 1917, shall be required to register for classification.

Also, in the interest of fair distribution of military burden he proposes that the quotas of the states or districts be determined hereafter on the basis of number of men in Class 1 and not upon population.

Available figures indicate, the report says, that there are 1,000,000 physically and otherwise qualified men under the present registration who will be found in Class 1 when all questionnaires have been returned and the classification period ends February 15.

To this the extension of registration to men turning 21 since June 5 of last year and thereafter will add 700,000 effective men a year.

Class 1 comprises: Single men without dependent relatives; married men who have families, who are dependent upon habitually failed to support their wives for support or not usefully engaged, and whose families are supported by incomes independent of their labor; unskilled farm laborers, unskilled industrial laborers, registrants by or in respect of whom no deferred classification is claimed or made, registrants who fail to submit questionnaire and in respect of whom no deferred classification is claimed or made, and all registrants not included in any other division of the schedule.

Narrowed down under the analysis of the first draft made in the report, the plan places upon unattached single men and married men with independent incomes most of the weight of military duty, for the aggregate number of men in the other divisions of Class 1 is very small.

General Crowder finds that the first draft surpassed the highest expectations of the friends of the selective service idea. He pays high tribute not only to the thousands of civilians who gave ungrudging service to making the plan a success, but also to the high patriotism of the American people as a whole.

PAIGE

The Most Beautiful Car in America

THERE are many cars that sell for less money than the Paige. We could readily build them ourselves if we considered that policy the best one. But we don't.

We firmly believe that Self-Respect, Comfort and Enduring Satisfaction have an actual market value. So we build those things into our product.

We take just a little more time—just a little more care in selecting materials—just a little more pride in our work. And the result is a real motor car—not a makeshift or compromise.

Unless we are greatly mistaken, the Paige "Six-39" is just the kind of car that you want. It costs \$1330 and it is worth every penny of the price.

If you are truly Economical—truly wise and careful—it will be the car of your choice.
